

OCCUPATIONAL HEALTH AND SAFETY POLICY

As General Tekstil San. ve Tic. A.Ş. in our activities in the non-woven fabric production market;

In order to ensure a safe and healthy working environment, everyone is obliged to do what is necessary within their own authority, to protect all our employees and the environment they are in from possible risks, to train our employees in this regard, to create Occupational Health and Safety awareness within the company, to prevent unsafe areas that may cause work accidents and occupational diseases in the workplace. To eliminate hazards with inspections and preventive corrective actions by making an effective risk assessment of possible accident risks of situations and movements, to determine OHS targets for all locations and to ensure the health and safety of employees in the workplace and its extensions, subcontractors, visitors and company employees working outside the workplace.

We undertake to take all kinds of measures in accordance with Occupational Health and Safety legislation and to continuously improve them, to ensure the consultation and participation of employee representatives, and to eliminate OHS risks and ensure their continuity with the Occupational Health and Safety Management system we have established and is being implemented.
